SUMMARY

After spending nearly 10 years in nursing, I decided to take the leap and invest my time and money in supporting a career change to follow my passion for tech. I love learning, and strive to always continue building new skills. I bring a wealth of life experience and skills in teamwork and communication to anything I am tasked, and am proven to be a trustworthy and dedicated worker.

Logic & Number Puzzles

EXPERIENCE

Freelance Web Developer

04/2024 - Present Remote

Contributing to and supporting freelance projects in web development

Senior Eating Disorders Nurse

Norfolk and Suffolk NHS Foundation Trust

05/2022 - 06/2024 Suffolk, UK

Community support, monitoring and therapy treatments for adults living with an eating disorder

- Held a caseload of up to 10 patients, providing monitoring, support and delivering talking therapy treatments over a period of 20 weeks per patient
- Reviewing and completing initial triage assessments on new referrals within 48hrs of receiving referral to meet KPI's
- Using my 6yrs experience in physical health nursing to provide support and advice to mental health specialist colleagues in my team
- Monitoring set Routine Outcome Measures a minimum of 3 times during 20 week treatment course to ensure reduction in scores for eating disorder, anxiety and depression severity markers as treatment progressed
- Taking a combination of initiative and bold decisions to change treatment approach if indicated
- Began coaching and supervising junior and new staff members within 2 weeks of beginning role, teaching team processes and skills both 1:1 and through shadowing of my appointments with patients

Staff Nurse

Norfolk and Norwich University Hospitals NHS Foundation Trust

01/2021 - 05/2022 Norwich, UK

Acute care hospital, where I worked across gastroenterology, gynaecology and coronavirus wards

- Manage own caseload of up to 21 patients
- Co-ordinating a full ward of up to 45 patients, including staff management and support, overseeing emergency interventions and bed management
- Training and supervision of junior staff and students
- High level of interpersonal communication, including holding difficult conversations
- Working quickly, effectively and safely under high pressure and time restraints

PROJECTS

BethCodes

<https://github.com/BethGeast/beth-codes>

Online personal portfolio website, coded from scratch myself

LocalMarket

<https://github.com/Joshjok86/localmarket>

Online marketplace for farmers/people who grow their own produce to list products for sale, or for people to browse local fresh produce they wish to buy
